- FW to find diameter of binary tree

- FW to find height balanced tree

- Check two trees are identical

- Symmetric Tree (Mirror Subtrees)

- zig-zag traversal

- Transform to sum tree

- Diagonal Traversal

- Vertical Traversal

- K-Sum Paths

- Morris Traversal

- Flatten a binary tree into LinkedList

- sum of longest bloodline of tree

- Maximum sum of non-adjacent nodes

- Burning Tree

- Find Duplicate Sumtrees
